8' (2.5m) – 24'(7.3m) Telescoping Spray Lance

REV 061113

This telescoping, adjustable height spray lance makes extended height and distance applications easy to reach up to 40 feet (12.2 meters) when using the cone nozzle provided. Drastically reducing your application times and improving the safety of your employees. At only 8 lbs. (3.5 kgs.) the adjustable lance is light weight and easy to maneuver. This application lance has been designed with a coil hose on the outside, making it easier to clean or replace when needed. Using a coil type hose has eliminated the extra hose, normally lying at your feet, that is typically associated with telescoping spray lances.

FEATURES

- *Quick Connect Fitting – Will easily connect to applicator pump system.
- *Heavy Duty Chemical and Crush Resistant Hose
- *High Impact, Fully Adjustable Plastic Spray Tip Holder
- *Large, Comfort Grip Spray Control Handle w/ Viton Seals.
- *Composite Fiberglass, Telescoping Pole – Easily Adjusts from 8ft <2.5meters> to 24ft <7.3meters> with application spray heights up to 40ft <12.2meters> when using cone nozzle.

Interchangeable, Quick Connect Spray Tips:

- 1 gallon per minute Quick Connect 110 ° Fan Tip
- Adjustable, Quick Connect Cone Nozzle
 - Adjusts to create a fine mist or an additional 18 foot (5.5 meter) spray pattern for an overall effective distance of over 40 feet (12.2 meters).

Handle and Telescoping Pole:

- High Impact, Fully Adjustable Plastic Spray Tip Holder.
- Large, Comfort Grip Spray Control Handle w/ Viton Seals.
- Composite Fiberglass, Telescoping Pole
 - Easily Adjusts from 8 feet (2.5 meters) to 24 feet (7.3 meters) with application spray heights up to 40 feet (12.2 meters) when using cone nozzle.
- Telescoping Pole Can Also Be Converted For Use As A Scraper Handle. (Scraper attachments coming soon)
